

# CNIP 1000: New Manager Bootcamp

This course is designed for experienced project managers to enhance their knowledge of and skills in the field. Students will gain insight into the structure, grading system, and study strategies required for the Project Management Professional (PMP)<sup>®</sup> Certification Exam. Through this program, students will explore the five process groups and 10 knowledge areas addressed in the latest edition of the Project Management Body of Knowledge (PMBOK<sup>®</sup> Guide).
