

CTM 110: Essentials of Commercial Contract Management

In this course, students examine the theory and practice of commercial management in a business enterprise. The course reviews the legal framework for commercial acquisition contracts. The course also examines in detail the Uniform Commercial Code as it relates to basic contract law to help students who engage in commercial transactions understand its applicability. This course will also be helpful for those interested in testing for the Certified Commercial Contract Manager (CCCM) certification.

Course to be sunset by May 30, 2025. The sunset of a course or program does not have any impact on the validity of the earned credential. Students who are not able to complete a program prior to the sunset date will be able to do so with approved replacement courses in accordance with other academic policies.
