

# LDR 130: Finance & Accounting for the Non-Financial Manager

This course helps students understand the accounting process and methodologies, enhancing their ability to forecast financial performance, spot trends and study their competition with a keener eye. Participants who successfully complete this course learn to develop the financial skills necessary to evaluate proposed business projects, analyze company performance, and apply finance and accounting principles with confidence. Specific topics include forecasting financial performance and analyzing financial strategies through case studies.

*Course to be sunset by May 30, 2025. The sunset of a course or program does not have any impact on the validity of the earned credential. Students who are not able to complete a program prior to the sunset date will be able to do so with approved replacement courses in accordance with other academic policies.*
