

NUCE 7152: Team Building: Selecting/Developing/ Motivating/Empowering/Coaching Staff

This course is all about making teams work more effectively. It begins with keys to successful recruitment and moves on to a look at the manager's responsibility for the development and socialization of employees. Theories of motivation and their appropriate uses in the work setting will be reviewed. Separate the manager's role as a coach from that of counselor. Find out how to empower others.
