

# SSG 130: Lean Six Sigma Black Belt

In this course, students learn about one of the most sought-after credentials in business today. The Lean Six Sigma Black Belt course teaches students to ask the right questions and get the right answers to help organizations save money by improving productivity, reducing waste, variation and defects. As a Lean Six Sigma Black Belt, mastery of Six Sigma techniques and strategies will help students lead top-quality projects and mentor Green Belts in their organization.

*Course to be sunset by May 30, 2025. The sunset of a course or program does not have any impact on the validity of the earned credential. Students who are not able to complete a program prior to the sunset date will be able to do so with approved replacement courses in accordance with other academic policies.*
